SAP Business All-in-One & SAP BusinessObjects Briefing Getting prepared for the Economic Storm & Reaping the Benefits of the Coming Recovery

In tough economic times like this, it's more important than ever to manage the internal factors within an organisation's control. This event discusses how a complete ERP solutions, combined with effective Business Intelligence, can position an organisation to success by optimizing business performance through connecting people, information, and businesses across business networks. All this is achieved with real-time insights, dashboards & data visualizations.

These powerful solutions offer intuitive, versatile, and proven solutions, so you can gain the same insight into your business information and performance that large enterprises enjoy - but packaged and priced specifically for small businesses and midsize companies.

Date : 23 July 2009 (Wed)

Time : 9.30am – 2.00pm

Venue : Hilton Petaling Jaya Hotel,
No 2, Jalan Barat,
Petaling Jaya,
46200 Selangor
