

Be a Certified SAP Consultant in just 10 days!

by completing

SAP Best Practice Enterprise Resource Planning | SAP BPERP

ETSG003-01-0508

Issue 03

SAP Education

Companies that implement state-of-the-art SAP solutions often use the services of **SAP-Certified Consultants**. That's because these companies understand and trust the value of this certification. And they know that certified consultants come equipped with the latest solution information and training. SAP also recognizes the important role that consultants play in successful implementations -- which is why we provide comprehensive programs designed specifically for them.

Course Objectives

This course will prepare you to:

- Describe how business processes are represented and integrated within mySAP ERP
- Apply this knowledge to SAP Best Practices
- Identify and research possible extensions of the Baseline Best Practices to meet the needs of an industry or customer
- Support mySAP ERP implementation, particularly from an overview integrative point of view, but also with a hands-on application of how mySAP ERP supports operational and analytical business tasks

SAP Best Practices ERP (BPERP)
